# WELCOME

---

# MAIN REASON TO UPGRADE THE ICT SYSTEM

- In line with the current needs in communication and information technology

# OBJECTIVES

- Enhance the service deliveries to MGA affiliates club
- Improves the management and operations efficiency and effectiveness of the club
- Reduce the operating cost of the golf clubs

# RESULTS FROM USING A FULLY INTEGRATED SYSTEM

- Enhance MGA's efficiency & effectiveness in terms of management, operations, cost and work reduction

# MAIN GOAL OF IMIS

- to deliver more information of MGA's operations, management and reporting in digital ways to the golf clubs

# 3 PHASES OF IMIS IMPLEMENTATION

## PHASE 1

- Involves the revamping of the current systems such as NHS and the incorporation of new services such as Mobile Score Card, Golf Tournament Scoring System and Integration Platform for the AMSC programmes or other external systems (Partners System).

## PHASE 2

- Involves the integration to Associate Membership Subcommittee (AMSC) programmes.

## PHASE 3

- Involves the provisioning of shared services to MGA's Affiliate Clubs and other members.
