

MALAYSIAN GOLF ASSOCIATION

STANDARD OPERATING PROCEDURES

FOR

MGA REFEREES

2024

Prepared and issued by
The Rules and Amateur Status Sub-Committee
Effective 1st April 2024

1 Foreword by MGA President

To the esteemed Referees of the Malaysian Golf Association, and all who are part of the magnificent tapestry of golf in our great nation, it is with profound pride and gratitude that I pen this foreword for the 2024 Revised Standard Operating Procedures Handbook (SOP) for MGA Referees. This is an endeavour that epitomizes the commitment and dedication of the Rules & Amateur Status Subcommittee.

Our vision has always been to elevate the standards of golf in Malaysia, and this revised comprehensive SOP serves as a testimony to our relentless pursuit of that vision.

The journey of creating the SOP began with a shared belief that our referees needed a set of guidelines, capable of addressing the myriad situations that might arise during a game. This belief became the driving force behind our team led by the Chairman, Ms Deborah Wong. Under her leadership, and with the collaborative spirit of every Subcommittee member, this SOP originally conceptualized in 2010, was deliberated upon, and finally updated to match current times and the revised Rules of Golf.

The SOP is not just a set of rules, but a testament to our dedication to uphold the traditions of golf, while navigating its modern challenges. Referees are entrusted with the responsibility of making pivotal decisions, often under pressure. This SOP serves to equip them with the knowledge and tools needed to execute their duties with fairness, accuracy, and above all, decorum.

As President of the Malaysian Golf Association, I am continually humbled and inspired by the passion, commitment, and excellence of those who work tirelessly to raise the standard of golf in our nation. This SOP is a beacon of that dedication.

To Ms Deborah Wong, the Chairman of Rules & Amateur Status Subcommittee, and to all who contributed to this magnum opus, my heartfelt appreciation.

To our Referees, I trust that this SOP will be an invaluable guide in your journey.

Here's to the next chapter in the illustrious journey of Malaysian golf.

ADMIRAL TAN SRI DATO' SETIA MOHD ANWAR MOHD NOR (RETIRED)

President

2 Preface by Chairman of the Rules & Amateur Status Subcommittee

In the world of golf, where tradition intertwines with modernity, our Referees stand as the gatekeepers of fairness and justice during a golf tournament. Recognizing their crucial role, the journey to revise the Standard Operating Procedure (SOP) commenced with a common understanding that our Referees deserve a handbook that is clear, concise, and up-to-date, capable of addressing the countless situations they may encounter when officiating on the course, assisting to achieve fairness, uniformity in execution, enhanced communication, and adherence to Rules of Golf, policies, and regulatory standards.

I would like to extend my heartfelt gratitude to the working committee members, whose unparalleled commitment and expertise have been instrumental in the endeavour to update this SOP. It is a journey that has fused the wisdom of the past with the relevance of the present, culminating in a SOP that stands as a beacon of our dedication.

In the hands of our referees, this SOP is more than just a guide; it is a tool that assist in the management of competitions ensuring they perform their duties complying with Rules, Policy, and Procedures, Code of Conduct, Understanding and Dedication, ultimately, deliver a successful tournament.

As we present this updated 2024 SOP, we do so with a sense of pride and accomplishment, knowing that it embodies the spirit of our sport and the values we cherish. As we move forward, let us continue to work together with all stakeholders to promote the spirit of sportsmanship and excellence in our beloved sport.

Once again, thank you to both past and present members of the Rules Subcommittee involved in this endeavour for your invaluable contributions to this vital undertaking.

To the President of MGA, all EXCO/Committee Members, and management team, thank you for all your unwavering support and encouragement in this journey.

To all esteemed Referees, together, let us soar to greater heights in Malaysian Golf.

DEBORAH WONG (Ms)

4 Introduction

Malaysian Golf Association (hereinafter referred to as “MGA”) has produced the 1st edition of its own Standard Operating Procedures (SOP) for its Referees in 2010, and it has since been enhanced, improved, and updated following changes in the Rules, MGA’s procedures, and policies.

This 2024 edition is the culmination of all the updated and enhanced version and serves as a standard guide for consistent practice and implementation of the Rules. It contains the Code of Conduct, the roles and expectation of Tournament Director (TD), Chief Referee (CR), Referees and apprentice, course marking, the Local Rules, and Terms of Competition, including various reports and forms. All of these are to assist Referees when officiating their duties, so that competitions can proceed efficiently and successfully.

If, in rare situations, any Referee who breaches the Code of Conduct, the SOP outlines the appropriate measures and procedures in managing such cases.

The support, confidence and trust amongst fellow MGA Referees are important to build a strong team.

MGA and RASC reserve the right to amend and/or add any clause/s to this SOP from time to time.

- 10.8.1.2. Ask questions to understand the situation and access the applicable rule. If necessary, enquire from others to verify the facts.
- 10.8.1.3. When you are certain, proceed to give the ruling. Otherwise, call for a second opinion.
- 10.8.1.4. When a player asks for option, give him/her all the available options.
- 10.8.1.5. If the ruling permits the player to lift his ball, or specifically does not allow him to lift his ball, say so. If the player is not allowed to clean the ball when it is lifted, advise the player of this before he/she lifts it.
- 10.8.1.6. If the ruling involves the dropping or placing of a ball and the player does so correctly and all other requirements of the applicable Rule have been met, state “That ball is in play”. Otherwise guide the player to proceed as required by the Rules.
- 10.8.1.7. If the player is unhappy with the ruling and you believe it would help maintain a good climate between player and officials, call for a second opinion from the CR or show the player the applicable Rule in the Rule Book, whichever is the more likely to keep things calm.
- 10.8.1.8. If you have said all you wish to say, retreat a little, but stay at hand to see the next stroke made. This is particularly advisable if the player is agitated.
- 10.8.1.9. Have your Rule Book with you at all times, together with the Additional Local Rules and TOC.
- 10.8.1.10. Prevent a breach occurring if you can do so without distracting others. This can arise, for instance, if the player has teed his ball outside the teeing ground or when the player is taking a stance in bushes.
- 10.8.1.11. Time a ball search when you see one starting (or as soon as possible even after it has started). Help in the search if not needed elsewhere. You may need to intervene.
- 10.8.1.12. Record all your rulings with clarity (on the appropriate form, if provided) and reflect on your rulings to assess how you might have handled them better.

10.8.2 DON'T:

- 10.8.2.1. Don't say more than the player needs to know, e.g. don't quote the Rule number.
- 10.8.2.2. Don't be over-familiar with the player, even if you know him well. Don't make jokes. Don't imply to the player that he/she has played a poor shot, that he/she has "a problem" that he/she ought to know the Rules (by now), etc.
- 10.8.2.3. Don't raise your voice, show impatience, get excited, and get aggressive with the player.
- 10.8.2.4. Don't give a ruling until you know what is right in the circumstances.
- 10.8.2.5. Don't give advice to the player or imply which option he/she should adopt.
- 10.8.2.6. Don't touch the player's ball or clubs, or insert tees to help him set out the permitted area for a drop, or move movable obstructions for him.
- 10.8.2.7. Don't position yourself in an intrusive manner, overly close either to the player when he/she is at address, or to his line of play and don't move when he/she is about to play.
- 10.8.2.8. Don't engage in conversations with players or caddies unless approach by them and are Rules related. Conversations of such nature must be professionally conducted.
- 10.8.2.9. Avoid close proximity with spectators, coaches or players' parents so that no casual conversations may be initiated by them.

10.9 Guidelines for Corporate/Charity/Club event

10.9.1. General

These are the guidelines for Referees on duty for 1 or 2 day event, as per clause 5.4.1.

10.9.2. Checklist

- 10.9.2.1. Contact organiser on date of event, course and tee time
- 10.9.2.2. Rules & Regulations or Terms of Competition.
- 10.9.2.3. Call the Golf Club to gather information on the set up especially person in-charge for this event, Referee's buggy & the sticker/label, walkie-talkie, check and get a copy of the local rules through mail. If shotgun – ensure siren can be heard on the entire course and you may obtain the Course Superintendent's contact.
- 10.9.2.4. Call the Course Superintendent to check on the course conditions, markings, green condition & speed, inclement weather contingency plan for restoring the course back into play & etc.
- 10.9.2.5. Revise the local rules (if required) or add on and provide the guidance to Organizer/Promoter as and when required.
- 10.9.2.6. Check on the course location, Referees kit/bag, personal items & get ready for duty.

10.9.3. Brief Checklist/Guide During the Event

- 10.9.3.1. Report to the organiser at least an hour before the event and get course marshal contact numbers & ensure they are contactable via walkie talkie or handphone.
- 10.9.3.2. Get a copy of the Flight draw, Rules & Regulations, TOC, score card, revised local rule, course layout, and get ready your clip board.
- 10.9.3.3. Get ready to be roving on the course for the entire duration of the tournament.
- 10.9.3.4. Be alert and respond to any call for Ruling/assistance
- 10.9.3.5. Continue to move on the course and check on the pace of play.
- 10.9.3.6. Upon completion, back to club house and be at the scoring area
- 10.9.3.7. Be around until the event is concluded i.e. Prize giving & etc.
- 10.9.3.8. Meet the organiser and check on any issues and enquiry. Submit your claim form and request for your allowance/fee (payment) accordingly. It is recommended that for one or two-days event, organizer to pay Referee allowance cash upon completion of their duties.**
- 10.9.3.9. Thank the Club personnel and if no pending issue/s, may leave the club.

10.9.4. Brief Checklist/Guide for Post Event

- 10.9.4.1. Submit to CR the ruling reports within 3 days from completion of tournaments, with all the rulings made, including any penalties or disqualification with sufficient details and clarity.
- 10.9.4.2. May include important note and/or recommendation to MGA for the improvements of future event.

10.9.5. Others

- 10.9.5.1. Dropping Zone/s – ensure that they are in good condition, otherwise relocate it.
- 10.9.5.2. Stop play signal/siren.
- 10.9.5.3. If you have the slightest doubt regarding a ruling, call for help from any senior referee you are familiar with.

Notes:

RASC may review all reports and should there be any discrepancies/issues in applying a ruling or code of conduct, RASC Chairman may appoint a Panel to investigate further and will act and/or advice on the matter accordingly.

11 Training of Apprentice Referee

11.1. Apprenticeship Programme

Those who have passed R&A/MGA Level 2 exam with a score of 75% or more are qualified to apply for apprenticeship training. They must submit a duly completed Form A6 to MGA within 2 weeks. Upon receipt of Form A6, MGA will advise the date/time for the apprenticeship training, which consist of:

- an apprenticeship orientation, and
- two apprenticeship on-course training.

Note: 1. Existing Referees are not required to attend this programme.
2. This programme is applicable for Malaysians ONLY.

11.2. Apprenticeship Orientation

11.2.1. MGA will organize the Apprentice Orientation within 2 months.

11.2.2. This orientation program may be conducted via Zoom and will be facilitated by Rules Sub Committee. The estimated duration is about 2 hours.

11.2.3. The orientation program will cover the MGA SOP.

11.2.4. The AR will be assigned on course training upon completion of the orientation programme.

11.3. Apprenticeship On-Course Training

11.3.1. The AR shall attend at least two MGA tournaments, MGA sanctioned tournaments or MGA State sanctioned tournaments approved or assigned by the RASC to fulfil the on-course training under two different CR. The on-course training for the two apprenticeship events must be completed within 12 months from the date of passing the L2 exams.

11.3.2. Failure to do so, the AR will lose the apprenticeship status and may require to sit for a Level 2 exams again.

11.3.3. Each tournament must be a minimum of three days.

11.4 On-Course Training

The on-course training shall consist of the following:

11.4.1. Course Marking and Course Set Up

The CR should go through the basic principles in marking and setting the course with the Apprentice Referee (AR).

11.4.2. Local Rules

Involve in preparing the Additional Local Rules, CR should explain to the AR the rationales and encourage the AR to give his/her views and suggestions. He/she should be encouraged to contribute.

11.4.3. Pre-Tournament Preparations

These are listed in the sample TD Report (Form TR3) at the appendix in this SOP. While inspecting these facilities, the CR should familiarise the AR on the basic requirements, especially the scoring area, lightning monitoring devices, evacuation facilities, etc.

11.4.4. Pre-Tournament Briefing

It is compulsory for an AR to attend the pre-tournament briefing.

11.4.5. During Tournament (Ruling)

This is one of the most important scopes in the Apprenticeship on-course training. An AR is to be coached by the CR or assigned to different senior Referee on each tournament day.

AT to explain ruling made and guide the AR on the following:

11.4.5.1. Gathering of facts

11.4.5.2. Making a decision

11.4.5.3. Handling of any disagreement from the player

11.4.5.4. Recording of the ruling in the Apprentice's Report form.

An AR should give at least three (3) rulings under close supervision of the AT. Any error in judgment shall be rectified as discretely as possible there and then.

11.4.6. Rules Briefing

It is compulsory for an AR to attend Rules briefing. An AR should be given every opportunity to participate in the deliberations so that a CR can make a proper and correct assessment of the AR under his charge.

11.4.7. Attending Appeal Committee Meeting

Where possible, he/she may be an observer in the meeting. The exposure will be beneficial to him/her.

11.4.8. Additional tasks for AR

In line with our effort to continually upgrade and improve the refereeing skill. RASC has adopted additional task which must be performed by AR as follows:

a. Training as a starter

b. Training as a Scores Recorder (receiving score card in the tournament room)

c. Pace of Play (P.O.P) timing procedures

11.4.9. Submission of Report by Apprentice Referee

An AR is to submit the Apprentice's Report as per Form AR2 of this SOP to the CR within one week of the completion of the tournament.

11.4.10. Submission of Apprentice Referee Report by Chief Referee

CR shall review AR2 report, complete his/her evaluation and recommendation via Form AR3 to be submitted to MGA.

11.4.11. Approval of Apprentice Referee Report by RASC

All AR reports together with CR report shall be reviewed by the RASC apprenticeship panel before submission to RASC Chairman for approval.

12 Starter Guidelines

12.1. For MGA Apprentice Referee

It is important that the starter is smartly dressed as the role of the starter is very visible. If possible there should be a shelter (e.g. a three-sided tent) for the starter and his/her materials (i.e. score cards, local rules, etc) so that there is some protection from bad weather.

12.2. PRACTICE ROUND(S)

12.2.1. The starter should know how to get to the 1st & 10th tee

12.2.2. The starter should know the layout of the 1st and 10th hole (ie. OB, Penalty Areas, Course layout)

12.3. TOURNAMENT ROUND(S)

12.3.1. Prior Starting Time

Approximately 30 minutes before the first starting time, arrive at the starting area and ensure the followings are available and in working condition if they are supposed to be provided.

12.3.2. All equipment in the starter box

12.3.3. The official clock time matches the official time

12.3.4. Starter table is available

12.3.5. PA system is operational (if both Teeing Areas are nearby, adjust volume accordingly).

12.3.6. All special notices are on the starter table

12.3.7. Caddie bibs are available

12.3.8. Fruits and drinking water are ready

12.4. ON THE TEEING GROUND

12.4.1. The starter must look presentable as he/she represents MGA and the organisers or Tour.

12.4.2. To ensure ear pieces is ready.

12.4.3. If unsure how a player's name is to be pronounced, ask the player before the starting time.

12.4.4. Announce the player's name in a clear and calm manner.

12.4.5. In case of bad weather issue (i.e. fog, strong wind), call TD or CR.

12.4.6. If one or more players have not arrived, 5 minutes prior the starting time, announce to TD/CR and all Referees.

12.4.7. To ensure all players are ready to play on the Teeing Area at least 4 minutes prior the starting time.

12.4.8. Advise players to put an identification mark on their golf balls.

12.4.9. Advise players to check they have no more than 14 clubs.

12.4.10. Hand out scorecards and a copy of the additional local rules, evacuation plan, any other rules in force and a copy of hole locations including stats cards.

12.4.11. Players shall exchange scorecards within the flight.

12.4.12. Be in position to see that players do not tee up in front of the tee-markers. The starter should stand on or near the Teeing Area, facing the tee markers, where he/she can see the direct line between the front of two tee-markers to ensure no one plays from outside the teeing area. If player tee up in front of the teeing area, stop the player and ask the player to proceed correctly.

12.4.13. Ensure there is silence as players tee off.

12.4.14. Do not start any group's ahead of time; if you get behind time, do not worry, but advise the CR as soon as any group starts later than its assigned time.

12.4.15. No function on the teeing areas (sign photograph, interview, photograph), this will disturb players' preparation and concentration.

12.5. This is the suggested script for the starter to remind spectators:

12.5.1. "Ladies and gentlemen welcome to the 2024 Malaysian Open Golf Championship.

12.5.2. In order for everyone to have a great day, please respect the following simple guidelines:

12.5.3. "Please be reminded that the use of cameras and mobile devices are NOT allowed during play".

12.5.4. "Ensure all mobile phones and all electronic devices are turned to SILENT mode.

12.5.5. Official photographers are reminded not to take player's photos whilst he is addressing the ball or during their back swing".

12.5.6. "Please respect the players and keep still when they are addressing the ball. Please do not walk ahead until ALL players have putt out on the green".

12.6. Normal Script for Starters

12.6.1. Just before the starting time for the first group each day, announce the following:

12.6.2. "Ladies and gentlemen, Welcome to "The 2024 Malaysian Open Golf Championship"

12.6.3. Before the first group announce the following:

"This is group number one, starting time 07:30 am, on the tee from Malaysia, Mr Galvin"

Once the first player has played, announce the following:

"On the tee from Singapore, Mr George Lee."

Once the second player has played, announce the following:

"On the tee from Austria, Mr Simon."

12.6.4. Before the next group, announce the following:

"This is group number two, starting time 07.40 am on the tee from _____"

12.7. The TD/CR will be responsible for imposing penalties. The starter should just report the facts to a Referee or CR and call the remaining players to tee off on time.

12.8. If there is a delay to any tee time, the starter should report this immediately to the TD or CR as this will have impact on their timing policy and ask for instructions as to whether to try and make up the delay with the following groups or to continue with the published starting interval.

12.9. The starter should record the timing of each group against the scheduled timing based on the 1st player of the group teeing off. If the 1st player tees off as scheduled, please record as "0" against the scheduled time. If the 1st player tees off 2 minutes later than the scheduled time, please record as "+2" against the scheduled time and so on.

12.10. Once all players in the first group and last group on each session have teed off, announce this to the TD/CR and Referees. The following are some examples:

Attention TD/CR and all Referees,

12.10.1. all groups from T1 have started on time.

12.10.2. all groups from T1 have started on time, except group 8 is +2, group 9 is +3....

13 Advice for scorers and recorders

13.1 Introduction

Score Recording is one of the most important roles at a Tournament, as errors on scorecards may result in disqualification of competitors in stroke play.

Recording area should be near to the final green where only the Committee and players, team captains may access. The recording area should have a decent sized table and enough chairs for all the players in a group and the recorder (s).

A player is responsible for returning his own scorecard as soon as possible after his / her round, ensuring that it is properly signed by the marker and counter signed by the player and that individual gross scores for the holes are correct.

All conversations with the competitors should be kept to a minimum unless answering any questions. If there is a Rules query or dispute, the scorer/recorder should contact the CR or Committee member in charge of resolving Rules questions.

13.2. The routine for receiving scorecards is as follows:

- 13.2.1. Note the finishing time of the group (when the flagstick goes in on the final putting green) on a draw sheet and return it to the Committee at the end of play.
- 13.2.2. Advise the competitors to remain in the scoring area until all scorecards are returned.
- 13.2.3. Ask the competitors if they have any Rules query or doubtful points to clarify, such as playing two balls. If yes, contact the CR/TD immediately.
- 13.2.4. Ask each competitor to check their scores for each hole.
- 13.2.5. Ascertain both the competitor and marker have signed the scorecard (tick each name).
- 13.2.6. Check the hole-by-hole scores and total the nines for each scorecard (tick if correct).
- 13.2.7. Check that the name on the scorecard belongs to the player whose score it actually is (tick if correct).
- 13.2.8. Read the scores aloud and agree the total score with the competitor.
- 13.2.9. Again, make sure the competitors wait until one of the scorers has reviewed all of the scorecards. A scorecard is officially returned when the player has left the scoring area, i.e. is outside of the roped area, the cabin or tent. Once a scorecard is officially returned, no further changes are allowed.
- 13.2.10. Write the correct total score in the upper left-hand corner of the scorecard
- 13.2.11. Send the scorecard by runner to the designated person for entering the scores into the scoring system.

14 Course Marking

14.1. General

When course marking is required (reference clause 5.4), it is the responsibility of the CR and should be done several days before any competition begins. The CR may delegate part of or the whole job to experienced Referees as he/she deems fit. A well-marked course allows a player to play by the Rules and helps to eliminate confusion for players.

- 14.1.1. The CR should submit a complete course marking report (reference TR6) to the TD, which should be shared during the pre-tournament Referees' briefing.
- 14.1.2. Course marking should include the following areas, as applicable:
 - 14.1.2.1. Out of Bounds (OB)
 - 14.1.2.2. Penalty Areas (PA)
 - 14.1.2.3. Abnormal Course Conditions (ACC)
 - 14.1.2.4. No Play Zones (NPZ)
 - 14.1.2.5. Dropping Zones (DZ)
- 14.1.3. Stakes for OB or PA should not be more than 30 yards apart.
- 14.1.4. Yardage booklets and on course yardage markings are done by an independent service provider appointed by respective tournament organizer, if any.

14.2. Out of Bounds (OB)

- 14.2.1. Course boundaries must be clearly defined so that there can be no doubt as to whether a ball is in or out of bounds.
- 14.2.2. There are many ways to mark the boundary of the course:
 - 14.2.2.1. White lines or dots on the ground.
 - 14.2.2.2. White stakes.
 - 14.2.2.3. Boundary fences or walls.
 - 14.2.2.4. Edge of a road
- 14.2.3. OB stakes should be White and protruding 2-3 feet from the ground.
- 14.2.4. OB stakes should be placed on the OB line.
- 14.2.5. If OB stakes are placed outside the OB line for visibility from a distance, such stakes should be marked with black tops (see MLR A-6).
- 14.2.6. Areas such as car parks, club house, maintenance areas, practice areas within the golf course may be marked as OB.
- 14.2.7. For safety reasons, an internal boundary may be established between 2 adjacent holes.
- 14.2.8. MLR A-1 to A-6 cover Course Boundaries and Out of Bounds.

14.3 Penalty Areas (PA)

PA should be marked as **Yellow** or **Red**.

- 14.3.1. The edge of a PA can be defined by stakes or line. Where both stakes and lines are present, the edge of a PA is defined by lines and the stakes identify the PA.
- 14.3.2. Where both stakes and lines are in use, the stakes should be installed outside the penalty area, about 2 to 4 inches away.
- 14.3.3. If there is a bush just outside the natural margin of a PA, this should be included in the PA. An ACC near the edge of a PA should not be included in the PA.
- 14.3.4. Considerations for marking the edge of a PA:
 - The slope of the Relief Area when taking lateral relief from the edge of Red PA
 - There is no free relief for a ball embedded in a PA.
- 14.3.5. Consider a Dropping Zone for a Yellow PA.
- 14.3.6. A Yellow and a Red stake should be placed side by side at where the edge of the PA changes status.
- 14.3.7. When a PA is bordered by parts of a GA where a ball could be lost, for ease of establishing KVC that the ball is in the PA, the edge of the PA should be extended to include such area (eg. a flower bed).

14.4 Abnormal Course Conditions and Integral Objects

Ground Under Repair (GUR) should be marked with **white** lines.

14.4.1. The further a GUR is from the fairway, the less appropriate it should be marked.

14.4.2. When a GUR is closed to an Immovable Obstruction, the 2 areas should be tied together.

14.4.3. It is not appropriate to define all wheel marks and ruts made by maintenance vehicles to be GUR by Local Rule. If necessary, it should be marked.

Notes:

- MLR F-20 on Concrete Drainage Channels
 - Narrow concrete drainage channels, usually next to cart patch, may be treated as Immovable Obstruction in the general area.
 - Concrete drainage channel next to cart path can be treated as part of the cart path.
- The status of any obstructions or integral objects can be clarified by using Local Rules (see Model Local Rule F-1).

14.5 No Play Zone (NPZ)

14.5.1. NPZ is used for protection of wildlife, flower beds, young trees etc.

14.5.2. NPZ must be part or all of an ACC or a PA.

14.5.3. NPZ in a PA should be marked with Yellow or Red stakes with **green** top.

14.5.4. NPZ in an ACC should be marked with White or Blue stakes with **green** top.

14.6 Dropping Zone (DZ)

14.6.1. DZ should be considered when there may be practical problems with players using the normal relief options under a Rule, such as:

- Wrong Green (R13.1f)
- ACC (R16.1)
- Dangerous Animal Condition (R16.2)
- Penalty Area (R17)
- Unplayable Ball (R19)

14.6.2. DZ is normally an extra relief option.

15 Course Set-Up

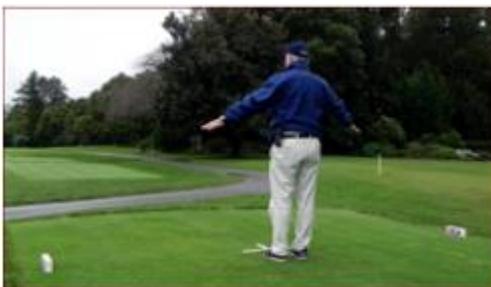

The CR with the assistance of other Referees and Staff of the Club shall set-up the Course prior to the start of each tournament round.

Setting up the Course consists of establishing the teeing areas at each hole, determining hole locations, ensuring that bunkers have been raked and that putting greens, fairways and tees have been mowed. Setting up the course includes checking lines and stakes defining out of bounds, penalty areas etc to make sure they have not been obliterated or removed without authority.

The front of green (FOG) and back of green (BOG) including measurement for Dropping Zone may be done by an independent provider/appointed by respective tournament if the Yardage Book is done accordingly.

15.1 Teeing Area (TA)

- 15.1.1. Reserve an area at the teeing areas of not more than 10 yards in depth for the setting up of tee markers. All teeing areas to be used for the tournament should mark with a white line at the back edge of the teeing ground (BOT). BOT may be done by an independent provider appointed by respective tournament, when applicable.
- 15.1.2. Tee markers should be installed within this area each day and balanced so that the course will play about the same length in each round.
- 15.1.3. For Par 3 holes, the distance of the hole from the BOT to the front of the green should be painted on the ground next to the line referred to in 15.1.1 above.
- 15.1.4. Tee markers should be placed about 5 to 7 yards apart, be set up square to the line of play and should always be at least 2 club-lengths forward of the back edge of the teeing areas.
- 15.1.5. The positions of the tee markers should be marked with a white or yellow dot. One dot for the 1st round and 2 dots for the 2nd round and so on.
- 15.1.6. Players must be allowed to use the entire 2 club-length behind the tee markers.

15.2 Hole Locations

- 15.2.1. The hole location should be at least 4 yards from any edge of the putting green.
- 15.2.2. There should be an area of 2 to 3 feet in radius around the hole that is relatively level or on a gentle slope where a ball will come to rest about 2 feet from the hole.
- 15.2.3. The new hole location should not be close to any old hole plug and damaged areas.
- 15.2.4. New holes should be cut vertically.
- 15.2.5. Selection of hole locations should be referenced to the green speed slope chart.
- 15.2.6. Green speed is determined by using a Stimpmeter while hole location slope can be gauged using various methods, such as using a Break Master.
- 15.2.7. Selection of hole locations should be balanced with respect to left, right, (eg. 4R and 5L, 5R and 4L), centre, front and back of each nine (eg. 3 Front, 3 Centre and 3 Back).
- 15.2.8. For practice round(s), the hole locations should be away from the those selected for the tournament.
- 15.2.9. Prepare hole location charts for each round.

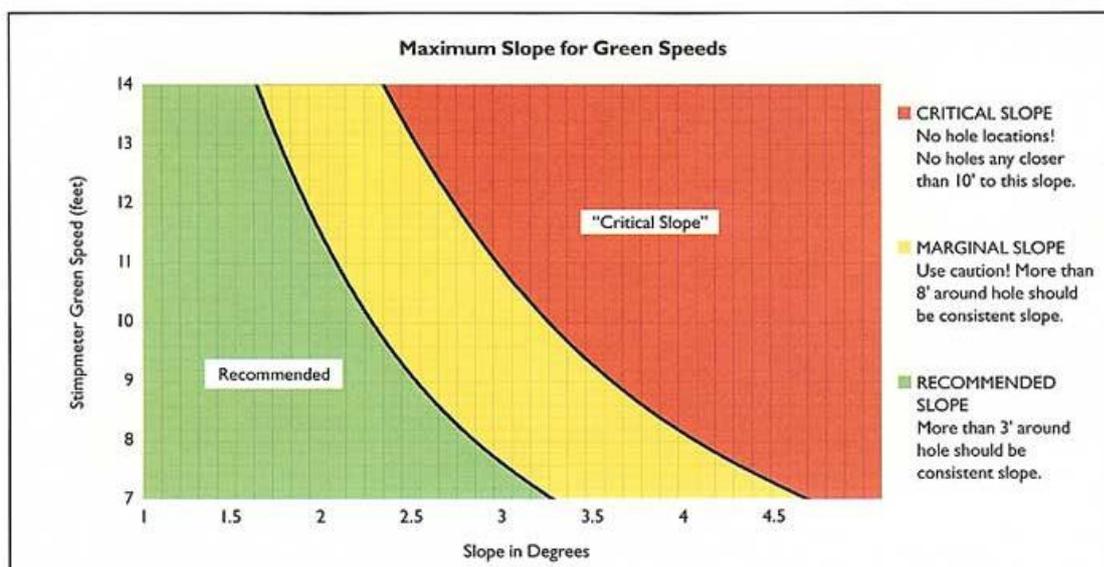

Figure 1. It is important to understand the direct relationship between green speed and putting green slope. As green speeds increase, the potential for uncontrollable slopes also increases.

16 MGA Hard Card

The following MGA Local Rules and Terms of Competition is based on the 2024 Hard Card from R&A.

The following Local Rules and Terms of Competition together with any additions or amendments published by MGA at the golf course, will apply to all Championships and International Matches run by MGA.

For the full text of any Local Rules referenced below, please refer to the Official Guide to the Rules of Golf effective January 2023 and the Clarifications updated quarterly by the R&A, available at www.randa.org.

Unless otherwise noted, the penalty for breach of a Local Rule is the general penalty (loss of hole in match play or two penalty strokes in stroke play).

SECTION A – LOCAL RULES

1) Out of Bounds (Rule 18.2)

- (a) A ball is out of bounds when it is beyond any wall defining a boundary.
- (b) A ball that is played from one side of a road which is defined as out of bounds and comes to rest on the other side of that road is out of bounds. This is true even if the ball comes to rest on another part of the course that is in bounds for other holes.
- (c) Closed gates attached to boundary walls and fences are part of the boundary object. Relief is not allowed from such a gate under Rules 15.2 or 16.1. An open gate is not treated as part of boundary object and may be closed or moved to a different position.

2) Penalty Areas (Rule 17)

- (a) When a penalty area adjoins a boundary, the penalty area edge extends to and coincides with the boundary.
- (b) When a player's ball is found in or it is known or virtually certain to have come to rest in any penalty area where the ball last crossed the edge of the penalty area at a point that coincides with the boundary of the course, opposite relief is available under Model Local Rule B-2.1.

Dropping Zones for Penalty Areas.

Where a dropping zone is marked for a penalty area, it is an additional option for relief under penalty of one stroke. The dropping zone is a relief area. A ball must be dropped in and come to rest in the relief area.

3) Abnormal Course Conditions (including Immovable Obstructions) (Rule 16)

(a) Ground Under Repair

- (1) Any area bounded by a white line or a white dotted line, including spectator crossing points where marked.
- (2) Any area of damaged ground (eg. caused by crowd or vehicle movement) that is considered by a Referee to be abnormal.
- (3) Grass covered cable trenches.
- (4) French drains (stone-filled drainage ditches).
- (5) Seams of cut turf: Model Local Rule F-7 is in effect.

- (6) Yardage painted lines or dots on the putting green or in a part of the general area cut to fairway height or less are to be treated as ground under repair from which relief is available under Rule 16.1. Interference does not exist if yardage painted line or dots only interfere with the player's stance.

(b) Immovable Obstructions

- (1) White lined areas and the immovable obstruction they tie into are treated as a single abnormal course condition.
- (2) Landscaped garden areas and everything growing in them that are surrounded by an immovable obstruction is treated as a single abnormal course condition.
- (3) Mats that are secured and all ramps covering cables.
- (4) Roads or paths surfaced with woodchip or mulch. Individual pieces of woodchip are loose impediments.

(c) Embedded ball

SECTION B – TERMS OF COMPETITION

1) Clubs and Balls

- (a) List of Conforming Driver Heads: Model Local Rule G-1 is in effect.
Penalty for making a stroke with a club in breach of Local Rule: Disqualification.
- (b) Groove and Punch Marks Specifications: Model Local Rule G-2 is in effect.
Penalty for making a stroke with a club in breach of Local Rule: Disqualification.
- (c) List of Conforming Golf Balls: Model Local Rule G-3 is in effect.
Penalty for breach of the Local Rule: Disqualification.

Note: An updated List of Conforming Clubs and Balls is available at www.randa.org

2) Prohibiting Use of Materials to Help Read the Line of Play for Stroke from Putting Green

Model Local Rule G-12 is in effect. Rule 4.3a is modified in this way: During a round, a player must not use any written, printed, electronic or digital materials to help with reading their line of play for any stroke to be made from the putting green.

Note: This Local Rule applies in amateur championships and matches only.

3) Pace of Play (Rule 5.6)

Every Championship or Match has a Pace of Play Policy that will be strictly enforced. Please ensure you obtain a copy of the Pace of Play Policy and read it carefully before playing.

4) Suspension of Play (Rule 5.7)

The following signals will be used to suspend and resume play.

- Immediate stop for imminent danger – one prolonged note of a siren.
- Stop for a non-dangerous situation – three consecutive notes of a siren.
- Resumption of play – two consecutive notes of a siren.

Note: When play is stopped for imminent danger, all practice areas will be immediately closed.

5) Practice (Rule 5.2)

- (a) In stroke play, Rule 5.2b is modified in this way: A player must not practice on the Competition course before or between rounds.
- (b) In match play, Rule 5.2a is modified in this way: A player must not practice on the Competition course before or between rounds.

Exception: All recognized practice areas within the bounds of the course may be used by players for practice on any day of the competition.

6) Transportation

During a round, a player or caddie must not ride on any form of motorized transportation except as authorized or later approved by the Committee. A player who will play or has played under penalty of stroke and distance is always authorized to ride on motorized transportation. The player gets the general penalty for each hole during which there is a breach. A breach between two holes applies to the next hole.

7) Advice in Team Competitions (Rule 24)

Each team may name one advice giver whom players in the team may ask for advice and receive advice from during the round. The team must identify each advice giver to the Committee before any player on the team begins his or her round.

8) Eligibility

Player must meet the eligibility provisions established in the relevant Terms of Competitions for the specific Championship or Match.

9) Anti-Doping

Players are required to comply with and be bound by any Anti-Doping Policy that is established for the Championship or Match in which they are playing, as detailed in the relevant Terms of Competition, as advised by prior notice or at the golf course.

10) Modification of Penalty Under Rule 3.3b(2) for Missing Player or Marker Certification.

Model Local Rule L-1 is in effect.

11) Returning of Score Card

A player's score card is officially returned to the Committee when the player has left the recording office/area.

12) Deciding Ties

The method for deciding ties is provided on the relevant entry form or is published at the golf course by MGA.

13) Results of Match or Championship/Tournament – Competition Closed.

(a) Match Play

The result of a match is officially announced when it has been recorded in the Championship Office.

(b) Stroke Play

When the Championship trophy is presented to the winner, the results of the competition are officially announced, and the competition is closed.

17 Local Rules and Terms of Competition

17. Local Rule and Terms of Competition

R&A Committee Toolkit is designed to help in the committee procedures and is contained in the Official Guide to the Rules of Golf.

The Local Rules creator should be used for the purpose of each Model Local rules, detailed in sections 5 & 8 of committee procedures.

Terms of Competitions is also available at the section 5 of committee procedures. Kindly browse www.randa.org for further details.

Notes on “PREFERRED LIES” Local Rule:

MGA do not encourage implementation of the Preferred Local Rules for Amateur events especially for the junior events, unless the following conditions are met:

- (a) Closely mown areas/Fairways could be easily distinguished from the rough.
- (b) There are sufficient Referees in the field to help the players.
- (c) The Referees team has done/carried out a complete check on the golf course before implementation;

Note: Before implementing this Local Rule, Referees should check the course, throw balls at the landing zones to establish if mud is adhering to the ball(s). If there is none, DO NOT implement this Local Rule.

MF4 MGA REFEREES AND APPRENTICE GOLDEN RULES**1. Referee's Kits**

- 1.1. Official Guide to the Rules of Golf
- 1.2. Terms of Competition, Local Rules & Score Card
- 1.3. Stop Watch
- 1.4. Binoculars (Essential).
- 1.5. Pencil/Multi colour Pen.
- 1.6. Measuring Tape and/or string.
- 1.7. Towel, Raincoat and Umbrella (recommended).
- 1.8. Others: snacks, personal medication, golf balls (for checking course conditions)

2. During The Tournament Play

- 2.1. Tournament hard card (if provided)
- 2.2. ALR eg. Preferred Lies Rules (if any) /Evacuation Plan/Referees' Rota (Identify the Rover/s in your area).
- 2.3. Pace of Play Time Sheet and the Draws.
- 2.4. Referee's Ruling report blank form.
- 2.5. Air-horn (if provided)
- 2.6. Walkie-talkie.
- 2.7. Buggy (ensure key is with you whenever you leave the buggy and preferably use the same buggy throughout the tournament).

3. Reporting For Duty

- 3.1. To be at Tournament Office at least 45 minutes before the scheduled tee-time or as requested by TD/CR.
- 3.2. Test your walkie-talkie
- 3.3. Set your mobile phone to silent mode.
- 3.4. Get down early to your assigned holes to familiarize yourself with the surrounding; to identify the shortest routes between holes; to identify and avoid short routes which are wet and soggy; to identify the most suitable location in your area to be accessible for rulings and recording of hole out time.

4. During The Tournament

- 4.1. Walkie-talkie should be used for reporting Pace of Play timing and/or seeking ruling opinion from Rover/Chief Referee. If you need to contact your fellow Referees on non-ruling matter, please use your mobile and be brief.
- 4.2. When you are uncertain on giving a correct ruling, you **MUST** not guess, call for a Rover/CR for assistance. It is not a sign of weakness to call for a second opinion.
- 4.3. Be ready to assist and to attend to rulings on any other holes not assigned to you should you happened to be around the vicinity.
- 4.4. Be attentive while on duty and don't be a spectator.
- 4.5. Be polite at all times to players and spectators.

- 4.6. Should always advise player not to touch/lift his ball in play when helping him to determine the relief options and/or nearest point of relief. Stay with the player until the correct procedure has been achieved.
- 4.7. Be attentive to the hole out time reported by other Referees for groups coming to your area. Take note of Starter's report of any delayed in tee-off time by any groups.
- 4.8. Lunch break or using the rest room should be quick and brief.

5. Suspension of Play and Evacuation Procedure Due To Immediate suspension/Dangerous Situation.

- 5.1. Recognize the siren signal for play to be suspended and advise players of an "immediate suspension of play".
- 5.2. Help to transport players/caddies to the nearest shelter (If it is a walking tournament)
- 5.3. Do not leave your area until all players/caddies have been evacuated. Advise spectators to seek shelter immediately.
- 5.4. Do not use your walkie-talkie unnecessarily during the evacuation process.

6. Resumption of Play

- 6.1. Take full notice of instructions over the walkie-talkie from the Rover/CR/TD.
- 6.2. Conduct roll call to CR/TD (if necessary) to ensure that all groups have reached their locations (area/holes you are covering) respectively;
- 6.3. Confirming the players' group number back to the TD/CR (if necessary) whether they are all in position and ready to play.
- 6.4. It is important to keep the "walkie-talkie traffic" to a minimum and limit the walkie-talkie use to essential communications at such time.
- 6.5. Walkie-talkie MUST be returned to the Tournament Office immediately after finishing your duty.

7. OTHER MATTERS:

- 7.1. DO NOT GUESS when you have the slightest doubt regarding a ruling.
- 7.2. Almost 80 % of the time your guess may be WRONG!
- 7.3. If you have the slightest doubt regarding a ruling, don't hesitate to call for a Rover/CR. It is not a sign of weakness to call for a second opinion. The Rover/CR must be given precise instructions as to the location of the ruling. A very brief description of the incident would be helpful (e.g., after giving your name, continue with "please come to the back of 15th green, player's ball is close to TV tower").
- 7.4. The consumption of alcohol on the course / in the clubhouse area is strictly not permitted while on duty. Referee who disregards such regulation shall be subject to disciplinary action.

8. On Course Etiquette

- 8.1. Referee should not converse with players, caddies and players' parent unless it is Rules related or the player/caddie addresses you. Conversations of this type must be professional in nature.
- 8.2. Referees must be mindful of their demeanour and should approach every encounter with a player in a polite, confident manner.
- 8.3. Referees must fully support all MGA policies, positions and decisions even though they may not agree with them, especially when rulings are not well received by a player.

9. Additional Guidelines When Officiating Single Day's Corporate Events

- 9.1. Ensure that the Dropping Zones are free of divots hole and if necessary, to relocate to new location before commencing the round.
- 9.2. In most cases, monitoring the pace of play is the most commonly encountered event. It would be a good idea to drive your buggy in the opposite direction from putting green to teeing areas to identify the slow play group.
- 9.3. "Call on Hole" Policy: When there is a "queue" on the teeing area of a Par 3, a Referee may wish to institute a "call on hole" to help alleviate an impending pace-of play situation. However, before implementing Call on Hole, please ensure the next hole is not congested.
- 9.4. Referees are required to attend the prize presentation function and to assist the organizer to resolve any rules matter if required.

10. Five Signs of a Good Ruling

- 10.1. You are clear and concise. Be calm, and talk softly and slowly.
- 10.2. You take your time to get it right, and you're sure you have all the facts.
- 10.3. If you aren't sure of the ruling, use your walkie-talkie to get help.
- 10.4. If it's a lengthy ruling, you MUST first seek approval from Rover/CR or TD on whether you could let the following groups play through.
- 10.5. You do not touch the player's clubs, ball, or equipment.

11. ANY OTHER MATTERS:

- 11.1. DO NOT MAKE A GUESS WHEN HANDLING ANY RULING.
- 11.2. IT IS NOT A SIGN OF WEAKNESS TO CALL FOR A SECOND OPINION!

MF5 REMINDER FOR REFEREES DURING SUSPENSION/RESUMPTION**1. When Play is Suspended**

- Please stay off the walkie-talkie unless you are reporting an emergency.
- Make a written note of where groups are on your holes and, if possible, the location of the balls in play.
- It is not necessary to collect score cards from the players.

2. When Play is Resumed

- Proceed to your zone to assist players in getting a ball back into play as necessary.
- Stay off the walkie-talkie but be attentive to “roll call” proceedings.

3. Practice**i. Dangerous Situation:**

- When play is suspended for a dangerous situation, the practice areas will be closed until further notice.
- During a suspension of play for a dangerous situation, after the Committee orders the practice areas re-opened, in addition to using these practice areas, if a player is between the play of two holes, the player may practice putting or chipping on or near the teeing area of the next hole to be played.

ii. Non-Dangerous Situation:

- During a suspension of play for a non-dangerous situation, unless the Committee orders the practice areas closed, a player may practise on these areas.
- During a suspension of play for a non-dangerous situation, unless the Committee order the practice areas closed, in addition to using these practice areas, if a player is between the play of two holes, the player may practice putting or chipping on or near the teeing area of the next hole to be played (Rule 5.5b). In addition, the Committee may specify other areas of the course on which practice is allowed.

4. General:

- While waiting in a fairway to resume play, either during the suspension or after resumption has been ordered, a practice stroke must not be played on the fairway.
- When the Committee orders play is resumed at a specific time and that time has occurred, all practice on the practice areas by players who discontinued play must cease and those players are limited to practising in accordance with Rule 5.2 (clarification 5.5c/1).

5. Clubs

- When the player resumes play, the player is limited to the clubs selected for the round that was suspended except that, if the player started with fewer than 14 clubs, the player may add any number provided the total number does not exceed 14.

6. Ball (Rule 5.7d)

- If the ball was not lifted when play stopped, the player may play the ball as it lies, or may mark the spot of the ball, lift the ball (see Rule 14.1) and replace that ball or another ball on the original spot (see Rule 14.2).
- If the ball was lifted when play stopped, the player must replace the original ball or another ball on the original spot (which if not known must be estimated) (see Rule 14.2).
- If the lie of the ball is altered either because of lifting the ball or after the ball was lifted and before a ball is replaced, see Rule 5.7d(1).
- If the ball or ball-marker is moved while play is stopped, see Rule 5.7d(2).
